

PCP Assignment/Change Requests Available Online

We are excited to announce the ConnectCare process for providers to submit PCP assignment/change (DMS-2609) requests online is now available. The platform has been updated and will require you to register, even if you participated previously. Great news, other than a username and password requirement the process is the same.

If you would like to enroll, please reach out to your [AFMC Provider Relations outreach specialist](#).

Sincerely,
AFMC Provider Relations
