

Reminder – Voluntary Selection of Additional PCMH High-priority Beneficiaries is Due April 15

If you choose, you can select five additional High Priority Beneficiaries (HPB) per Patient Centered Medical Home (PCMH) practice. Additional selection is NOT mandatory. Your March Population Health Management (PHM) report will provide you with the most up-to-date beneficiary attribution to assist with your additional selection. The deadline for the additional selection is April 15.

The QualityCare Insight (QCI) portal is closed for HPB selection; therefore, you will need to contact your AFMC Provider Relations Outreach specialist and provide them with the information of your added HPBs. Please note your PHM report will show the additional HPBs, but the QCI portal will not populate until quarter 2. Again, providers will have until Thursday, April 15 to inform their AFMC Outreach specialist of their additional selection.

We're happy to assist you if you have any questions. Please reach out to your [AFMC Provider Relations Outreach Specialist](#).
