

Emergency Room Trend Report

These reports breakdown emergency room visits by the following: Facility Assessment, Non-Emergency, and Emergency. It also provides the emergency visits by age, top five diagnoses for all hospitals and it gives statewide totals of emergency services usage. **The Emergency Room Trend Reports are mailed directly to the facility.** If you aren't receiving these reports, or if more information is needed, please contact Gina Redford, M.A.P., Program Manager, Health Services Advisory Group, at 501-801-5881 or via email at gredford@hsag.com.
