

Reminder - PCP Assignment Required for Aid Category 06 (Eligibility Expansion)

Beginning June 13, recipients who are in Aid Category 06 (Eligibility Expansion) that are served through Medicaid Fee-For-Service will be required to be assigned a PCP before receiving services. This can be accomplished by contacting ConnectCare at 1-855-266-0628 or visiting connectcare.arkansas.gov. Please click on Online Services and select Assign/Change Doctor. The 10-digit Medicaid ID number will be required.

Updates to the Medicaid Eligibility Strip

Beneficiary plan information is now available on the eligibility strip. Please see the options listed below:

- Standard or Traditional Medicaid – Beneficiaries with traditional Medicaid benefit limits (PCP required).
- Alternative Benefit Plan (ABP) Interim Medicaid – Plan determination is being finalized. During this time, the beneficiary will have no limits on physician office visits, labs, or prescriptions (no PCP is required).
- Alternative Benefit Plan (ABP) Full Medicaid – Beneficiary is in the alternative benefit plan and has no limits on prescriptions, labs, or physician office visits (PCP Required).
- Qualified Health Plan – Beneficiary has selected a commercial carrier plan. The carrier name and phone number will be available on the eligibility strip to assist providers with benefits.

Please contact your [AFMC provider relations representative](#) if you have questions.
