

Provider Relations Outreach Specialist

Episode of Care Update:

Currently, the January 2017 reports are available on AHIN. Your next reports are due to be released at the end of April 2017. It is important to review your reports on a quarterly basis to ensure the quality metrics are achieved and the cost is within the acceptable or commendable range.

UPDATE: The reports have been updated to include projected gain share amount should the episode be in the commendable range and the required quality metrics met. Please make sure to review the Gain/Risk share area of the report for this information. The glossary has been removed from the reports and is now available on the Payment Initiative website.

The Payment Initiative website is a great resource for this initiative. Please visit the [Payment Initiative website](#) for additional information.
