## **PHMR Reconsideration Report**

The PCMH reconsideration period for Jan. 1, 2019 – Dec. 31, 2019, will take place earlier than in past years to allow the PCMH to submit reconsiderations prior to the final calculation of the Performance Based Incentive Payment (PBIP). Below is the scheduled reports timeline:

- Q2 Quarterly Report is scheduled to be released on AHIN 6/30/2020. The report contains the PBIP metric information that will assist the provider in determining if reconsideration is necessary.
- PHMR Reconsideration Report is scheduled to be released on AHIN 7/02/2020. The report is designed just like the PHMR Excel spreadsheet. DMS wants to provide each PCMH with this information, which make up the PBIP (Performance Based Incentive Payment) calculation.

Please contact your AFMC Provider Relations Outreach specialist or AFMC Practice Transformation Outreach specialist if you have any questions.
